

Transbaltica

May 11 – 13, 2010
Vilnius, Lithuania

Exhibition

The Transbaltica exhibition is the largest and most significant transport- and logistics exhibition in the Baltic countries. Last year the exhibition stood up once more through the different international exhibitors and the large specialized knowledge of the visitors.

Alongside the main event there are many demonstrations organized in the LIT EXPO venue that covers over 5000 sq.m. During the exhibition you have the chance to see a wide range of innovative new products, services, technologies and projects currently changing the industry.

Visitor's Profile

Service providers such as: radar systems, insurance agencies, transport logistics, academic institutions and specialized magazines of the sector are the target audience.

Exhibitor's Profile

Manufacturers of buses, trucks and diesel motors, tows, semi-tows, platforms, boxes, chassis and load and unloading trailers, transmissions, suspensions, axes, rims, bearings, brake systems, alternators, clutches, hoses, lubricants, automotive spare parts, spark plugs, filters, lights, seats, antennas, shock absorbers, connectors, centers, among others.
